EXAMINER'S COMMENT

Claims 1 to 5 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 6 to 18, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement as set forth in the Office action mailed on April 3, 2006 is hereby withdrawn. In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claims including all the limitations of an allowable product claim or rejoined process claim are presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate or render obvious the claimed cationic dyes, compositions thereof, process for the preparation thereof or method of dyeing therewith. The closest prior art dyes are disclosed in Example 1 of U.S. Patent 3,291,788. This dye is similar to the claimed dyes of the formula (1) where A is of the formula (3). The dye of the reference differs from the claimed dyes in that triazolyl radicals replace the imidazolyl radicals. The reference provides no motivation to modify the dyes disclosed therein to arrive at the claimed cationic dyes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
